

# DLA Piper Advises Safegrid on €8.5M Growth Funding Round

Jonathan Andersin  
Partner

DLA Piper has advised Finnish technology company Safegrid Oy, a leading provider of intelligent grid monitoring solutions, on its €8.5 million growth funding round. Safegrid's Intelligent Grid System® uses advanced analytics and unique sensors to help utilities detect, predict, and prevent grid faults, ultimately improving grid reliability and resilience.

Read more about the founding round in [Safegrid's article](#).

"Collaboration with DLA Piper was pleasant and efficient throughout the process" says **Paula Laine**, CEO of Safegrid Oy.

The DLA Piper advisory team was led by [Jonathan Andersin](#).
